"Hardware store" by weird al starts

One day on a snowy winter day or something I have no idea, 3 years after rosbptmga, Leo is in a discord call with his friends, he realizes he can't stream in hd because he doesn't have discord nitro! This bothers Leo because he wants to share his first playthrough of chapter 6! Leo tells his friends to meet at an undisclosed location in Colorado because "it's easy to get there."

[Leo]:"hi guys"

[Ben]:"what"

[Noah]:"hai"

[Leo]:"we need to get free discord nitro!"

[Noah]:"real"

[Ben]:"where is this,"free discord nitro" at"

[Leo]:"Calgary, Canada"

[Ben]:"then why are we in colorado"

[Leo]:"because it's easy for all of us to get here"

[Ben]:"Why didn't you just go by yourself?"

[Leo]:"because i don't have a driver's license"

[Ben]:"oh. Wait, can't you just teleport?"

[Leo]:"no not anymore, our world runs on source 2 and not goldsource now"

[Ben]:"the hell is source 2"

[Leo]:"it's the source physics engine but better"

[Ben]:"dude this script isn't gonna be any fun because we don't have to overcome anything"

[Leo]:"bro forgot we are 3 large states away from our destination"

[Ben]:"oh yeah"

[Leo]:"okay we need a game plan"

[Ben]:"sure"

[Leo]:"i think we should first get a car that ben can drive because noah here has failed his driving test multiple times, then we should go to somewhere in wyoming, then idaho to stock up on food (potatoes), then we arrive at montana cross the border, go to calgary then get ourselves the free discord nitro!"

[Noah]:"great plan broskie"

[Leo]:"please shut up noah"

[Noah]:"i guess i will"

[Leo]:"thank you man"

[Noah]:"your welcome"

[Ben]:"okay let's get going to a car dealership"

[Leo]:'Wait ben, how much money do you have?'

[Ben]:"bro what do you mean we are all millionaires after the ohio invasion, everyone showered us with money and praise for removing the ohioans"

[Leo]:"oh yeah i forgot about that

[Ben]:"how do you forget your a millionaire"

[Leo]:"i just do"

[Ben]:"Wait, why are we trying to get free discord nitro if we are millionaires?"

[Leo]:"the adventure"

[Noah]:"let's get going"

[Leo]:"Wait Ben, how old are you again?"

[Ben]:"15"

[Leo]:"okay cool"

Ben, Leo, and noah walk to the car dealership to get the worst car ever because funny

[Ben]:"perfect car"

[Leo]:"what the hell do you mean this thing is a ford pinto bro"

[Ben]:"cars are expensive in 2027

[Leo]:"okay i guess"

[Cashier]:"Will you buy the car or not?"

[Ben]:"yes i will buy this car"

[Cashier]:"Thank you for the purchase of the car!"

[Ben]:"your welcome"

[Leo]:"kay lets go now"

Speeding around at the speed of sound

In fort collins, colorado

[Ben]:"car broke down"

[Ben]:"man i love that invention so much"

[Leo]:"me too"

Sprinkle sprinkle

[Leo]:"its fixed"

[Ben]:"nice"

In Cheyenne, wyoming

[Ben]:"car broke down again"

[Leo]:"i'm gonna fix it, with this fix, we need to go to the car dealership and get like a ford unfocused or something"

[Ben]:"yeah good idea"

Blonk

[Leo]:"fixed"

Speedy thing go in, speedy thing go out

[Ben]:"we are at the dealership now"

This is a certified ford unfocused moment

Meanwhile at ben's house

[Ben's brother]:"where in the hell is ben?"

Ben's brother goes into ben's room

[Leo]:"noah, buc-ees don't exist in wyoming"
[Noah]:"okay"
[Ben]:"let's buy some stuff at walmart"
[Leo]:"aight"

Shopping session
[Ben]:"god i hate walmart's layout"

[Leo]:"oh okay"
[Ben]:"Also why did you use up 2 lines without somebody else talking"
[Leo]:"i forgot about that rule in the script making process
Ben accidentally spills the image compression with an enchantment of unbreaking CVIII
Leo un-enchants it, resulting in a cure for cancer.
[Ben]:"bruh we are trying to get free discord nitro not get a nobel peace prize"
[Leo]:"where the hell did you get an enchantment level CVIII unbreaking book"
[Ben]:"i installed synapse x while it was discontinued"
[Leo]:"you mean wasn't?"
[Ben]:"was, wait, this is past tense, hold up, let me get the dictionary real quick"
Ben pulls out a dictionary, and starts violently turning the pages, finds"is"and"am"

[Leo]:"bro your gonna get banned from the world"'
[Ben]:"this is a script not gameplay stupid"
[Leo]:"Then how the hell are you using synapse!?!??!?!?"
Ben pulls out a entire tutorial of synapse x web page from the wayback time machine website
